Bachelor of Electronics and Communication Engineering, Jeppiaar Engineering College.

CGPA: 8.825

Expected 2024

Relevant Coursework: C - Programming, Python, Digital Signal Processing, and VLSI.

12th Grade, Computer Science

2019- 2020

Laurel Higher Secondary School

10th Grade, Laurel Higher Secondary School

2017 - 2018

Percentage: 75%

SKILLS

Technical Skills HTML | CSS | Bootstrap | JavaScript | React JS | Java | C | Python | Data Structure | Networking

Soft Skills Leadership | Good Communication | Team Work | Problem Solving

EXPERIENCE

Open Source

Mar 2023 - Present

GitHub

- With the use of HTML, CSS, Bootstrap, and JavaScript, was able to increase UI/UX and functionality.
- Led an Open Source project.

PROJECTS

TinDog. A website User Interface for meeting new and interesting dogs nearby, by just using HTML, CSS, and Bootstrap

Bus Reservation System. Built a project that does bus booking reservation and had quantified success using Java. In this project, I learned how to imply packages.

Rock Paper Scissors. Built a project that does Rock Paper Scissors game and had quantified success using HTML, CSS and JavaScript. I developed this project with full functionality using JavaScript and styled with CSS.

Creed Social Media. Created a website with REACT JS that posts our daily activities in a format similar to a blog. It has complete functionality, including the ability to edit and delete posts and update them via the API. For this CRUD process, I used an API server.

My Own Portfolio. I built my own portfolio website and had quantified success using HTML, CSS and Bootstrap. This website contains my personal information, my skills, about my works and my contact details.

ACHIEVEMENTS

- Third place with an 8.24 GPA in the ECE Department's fourth semester university exam.
- First place with an 9.14 GPA in the ECE Department's Fifth semester university exam.
- Second place with an 8.83 GPA in the ECE Department's Sixth semester university exam.
